HONOREE
CAROLYN LEVY, PhD

DEAR FRIENDS,

For years, we have witnessed firsthand the Friends For Life dedication to improving animals' lives. This year, it is an honor to serve as Chairs for the Friends For Life gala, *It's a Kind of Magic*.

At Friends For Life, we witness the magic of transformation every day. Some animals require medical treatment or behavior rehabilitation, while others simply need a little tender loving care from our dedicated staff, fosters, and volunteers. The difference this makes in their lives is astounding. It brings us joy to see an animal sleep safely for the first time or to witness them play after a much-needed surgery.

None of this would be possible without your support. We cordially invite you to the Four Seasons Hotel Houston on November 3, where you will have the opportunity to meet some of the animals you helped save and witness their incredible journeys.

It is our privilege to announce Carolyn Levy, PhD, as this year's gala honoree. Since 2011, Carolyn has been a dedicated volunteer, investing in Friends For Life's vision to ensure every animal has a safe home. In 2013, her generous grant kickstarted the Fix Houston™ community cat program. Thanks to her ongoing support, Friends For Life owns the property adjacent to the shelter, where the future home of a medical wing will be built. For years, Carolyn has also volunteered her talents photographing adoptable animals. Friends For Life is immensely proud to call her a friend, and we are honored to recognize her outstanding work at this year's gala.

We sincerely hope you will join us on November 3. By attending the gala as an underwriter, you become an integral part of this magical process for animals. Your support will enable Friends For Life to say "YES!" to the most challenging cases that only our shelter is equipped to handle.

You don't need a crystal ball to foresee the tremendous impact we can make together. We look forward to seeing you at the gala!

With heartfelt appreciation,

Robin Humphrey & Joseph Radzwill
